MDLIVE

Your *plan* includes MDLIVE, a 24/7/365 service where you have access to doctors and pediatricians to help you anytime, anywhere about your medical care. You can register by calling MDLIVE toll free at **888-632-2738** or going on the internet at mdlive.com/sisc, be prepared to provide your name, the patient's name (if you're not calling for yourself), the *member's* identification number, and the patient's phone number.

Services are provided either through online video, where you see a doctor using your computer over the internet, over the telephone or through secure email.

The doctor will ask you some questions to help determine your health care needs. Based on the information you provide, the advice will include general health care and pediatric care of you or your dependent's condition. When to use MDLIVE:

- If you're considering the ER or urgent care center for a non-emergency medical issue.
- Your primary care doctor is not available.
- Traveling and in need of medical care.
- During or after normal business hours, nights, weekends and holidays.
- Request prescriptions or get refills.

We have made arrangements with an independent company to make MDLIVE available to you as a special service. It may be discontinued without notice.

Note: MDLIVE is an optional service. Remember, register to get started.

ConditionCare

Your *plan* includes ConditionCare to help you better understand and manage specific chronic health conditions and improve your overall quality of life. ConditionCare provides you with current and accurate data about Asthma, Diabetes, Congestive Heart Failure (CHF), Coronary Artery Disease (CAD) and Chronic Obstructive Pulmonary Disease (COPD) plus education to help you better manage and monitor your condition. ConditionCare also provides depression screening.

You may be identified for participation through paid claims history, hospital discharge reports, physician referral, or Case Management, or you may request to participate by calling ConditionCare toll free at **1-800-621-2232**. Participation is voluntary and confidential. These programs are available at no cost to you. Once identified as a potential participant, a ConditionCare representative will contact you. If you choose to participate, a program to meet your specific needs will be designed. A team of health professionals will work with you to assess your individual needs, identify lifestyle issues, and support behavioral changes that can help resolve these issues. Your program may include:

- Mailing of educational materials outlining positive steps you can take to improve your health; and/or
- Phone calls from a nurse or other health professional to coach you through self-management of your condition and to answer questions.

ConditionCare offers you assistance and support in improving your overall health. It is not a substitute for your *physician's* care.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BENEFIT BOOKLET ENTITLED DEFINITIONS.

Participating Providers in California. The *claims administrator* has established a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in the *claims administrator's* preferred provider organization program (PPO), which the *claims administrator* calls the Prudent Buyer Plan. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this *plan* will be different for *non-participating providers* than for *participating providers*. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be *participating providers*.

A directory of participating providers is available upon request. The directory lists all *participating providers* in your area, including health care facilities such as *hospitals* and *skilled nursing facilities*, *physicians*, laboratories, and diagnostic x-ray and imaging providers. You may call the customer service number listed on your ID card and request for a directory to be sent to you. You may also search for a *participating provider* using the "Provider Finder" function on the *claim administrator's* website at **www.anthem.com/ca/sisc**. The listings include the credentials of their *participating providers* such as specialty designations and board certification.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider* specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

To make an appointment call your *physician's* office:

- Tell them you are a Prudent Buyer Plan *member*.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Participating Providers Outside of California

If you are outside of the California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in the area you are in. A directory of PPO Providers for outside of California is available upon request.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in the Prudent Buyer Plan network. They have not agreed to the *reimbursement* rates and other provisions of a Prudent Buyer Plan contract.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* will cover expense you incur from them when they're practicing within their specialty the same as if care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as *physicians*. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither *physicians* nor *hospitals*. They are mostly free-standing facilities or service organizations. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not part of the Prudent Buyer Plan provider network.

Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital". This is different from a *hospital* which is a *participating provider*. As a health care service plan, the *claims administrator* has traditionally contracted with most hospitals to obtain certain advantages for patients covered by the *plan*. While only some *hospitals* are *participating providers*, all eligible California hospitals are invited to be *contracting hospitals* and most--over **90%**--accept.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call the customer service telephone number listed on your ID card to ensure that you can obtain the health care services that you need

Centers of Medical Excellence. The *claims administrator* is providing access to the following separate *Centers of Medical Excellence* (CME) networks. The facilities included in each of these CME networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, CME have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a CME.**
- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a CME.**

A *participating provider* in the Prudent Buyer Plan network is not necessarily a CME facility.

Care Outside the United States—BlueCard Worldwide

Prior to travel outside the United States, call the customer service telephone number listed on your ID card to find out if your plan has BlueCard Worldwide benefits. Your coverage outside the United States is limited and it is recommend:

- Before you leave home, call the customer service number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a *physician* appointment or hospitalization, if needed.

Payment Information

- **Participating BlueCard Worldwide hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCard Worldwide *hospitals* except for the out-of-pocket costs you normally pay (non-covered services, deductible, copays, and coinsurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and inpatient care from a *hospital* that is not a participating BlueCard Worldwide *hospital*. Then you can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

- **Participating BlueCard Worldwide hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating BlueCard Worldwide *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to us.

Claim Forms

- International claim forms are available from the *claims administrator*, from the BlueCard Worldwide Service Center, or online at:

www.bcbs.com/bluecardworldwide.

The address for submitting claims is on the form.

SUMMARY OF BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE DETERMINED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE IS COVERED UNDER THIS PLAN. CONSULT THIS BENEFIT BOOKLET OR TELEPHONE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BENEFIT BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire *benefit booklet* for more complete information, and the exact terms and conditions of your coverage.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a *physician* or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the MDLIVE 24/7/365 at the telephone number listed on your identification card 24 hours a day, 7 days a week.

After Hours Care. After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-*emergency* care and non-*urgent care* within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Telehealth. This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this <i>plan</i> may be subject to the SUBROGATION AND REIMBURSEMENT section.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this *benefit booklet*, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is the plan's payment towards the services billed by your provider combined with any Deductible or amount Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. In addition, if these services are received from a *non-participating provider*, you may be billed by the provider for the difference between their charges and the *maximum allowed amount*. In many situations, this difference could be significant.

Below are two examples which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

1. **Example:** The plan has a *member* Co-Payment of 10% for *participating provider* services after the Deductible has been met.

The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member's* Co-Payment responsibility when a *participating* surgeon is used is 10% of \$1,000, or \$100. This is what the *member* pays. The plan pays 90% of \$1,000, or \$900. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

2. **Example:** The plan has a *member* Co-Payment of 30% for *non-participating provider* services after the Deductible has been met.

The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member's* Co-Payment responsibility when a *non-participating* surgeon is used is 30% of \$1,000, or \$300. The plan pays the remaining 70% of \$1,000, or \$700. In addition, the *non-participating* surgeon could bill the *member* the difference between \$2,000 and \$1,000. So the *member's* total out-of-pocket charge would be \$300 plus an additional \$1,000, for a total of \$1,300.

When you receive covered services, the *claims administrator* will, to the extent applicable, apply claim processing rules to the claim submitted. The *claims administrator* uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if the *claims administrator* determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers and CME. For covered services performed by a *participating provider* or *CME* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* or *CME* has agreed with the *claims administrator* to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not

met your Deductible or have a Co-Payment. Please call the customer service telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca/sisc.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in our Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider* the *maximum allowed amount* will be based on the *claims administrator's* applicable *non-participating provider* rate or fee schedule for this *plan*, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds the *maximum allowed amount* under this *plan*. You may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the customer service number on your ID card for help in finding a *participating provider* or visit the website www.anthem.com/ca/sisc. Customer service is also available to assist you in determining this *plan's maximum allowed amount* for a particular covered service from a *non-participating provider* or *other health care provider*.

Please see the "Out Of Area Services" provision in the section entitled GENERAL PROVISIONS for additional information.

***Exceptions:**

- **Cancer Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.

If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:

1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

Member Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the customer service telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

Authorized Referrals

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. Please call the customer service telephone number on your ID card for *authorized referral* information or to request authorization.

WARNING! Reduction of Maximum Allowed Amount for Non-Contracting Hospitals. A small percentage of *hospitals* which are *non-participating providers* are also *non-contracting hospitals*. Except for emergency care, the *maximum allowed amount* is **reduced by 25%** for all services and supplies provided by a *non-contracting hospital*. You will be responsible for paying this amount. You are strongly encouraged to avoid this additional expense by seeking care from a *contracting hospital*. **You can call the customer service number on your identification card to locate a *contracting hospital*.**

DEDUCTIBLES, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After any applicable deductible and your Co-Payment, is subtracted, the *plan* will pay benefits up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this *plan* is separate and distinct from the other. Charges that are covered will apply toward satisfaction of any deductible except as specifically indicated in this booklet.

Calendar Year Deductible. Each *year*, you will be responsible for satisfying the *member's* Calendar Year Deductible before we begin to pay benefits.

Family Deductible. The first three *members* of an enrolled family who satisfy their Calendar Year Deductibles will satisfy the Family Deductible. Once the Family Deductible is satisfied, no further Calendar Year Deductible expense will be required for any enrolled *member* of that family. However, we will not credit any expense previously applied to the Calendar Year Deductible of any other *member* of the family.

If you fail to satisfy your Calendar Year Deductible during a *year*, any *maximum allowed amount* applied to your Calendar Year Deductible during October through December will also be applied toward your Calendar Year Deductible for the next *year*.

ADDITIONAL DEDUCTIBLE

Each time you have inpatient or outpatient surgery in connection with the treatment of morbid obesity, you will be responsible for paying the Bariatric Surgery Deductible.

CO-PAYMENTS

After you have satisfied any applicable Deductible, your Co-Payment will be subtracted from the *maximum allowed amount* remaining.

If your Co-Payment is a percentage, the applicable percentage will be applied to the *maximum allowed amount* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-of-Pocket Amount. If, after you have met your Calendar Year Deductible, you pay Co-Payments equal to your Out-of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, other than for visits to an Emergency Room. You will be required to pay the Emergency Room Co-Payment each time you go to the emergency room even after you have satisfied the Out-of-Pocket Amount.

Participating Providers and Other Health Care Providers. Only covered charges for the services of a *participating provider* or *other health care provider* will be applied to the *participating provider* and *other health care provider* Out-of-Pocket Amount.

After this Out-of-Pocket Amount per *member* has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *participating provider* or *other health care provider* for the remainder of that *year*.

Non-Participating Providers. Only covered charges for the services of a *non-participating provider* will be applied to the *non-participating provider* Out-of-Pocket Amount. After this Out-of-Pocket Amount per *member* has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *non-participating provider* for the remainder of that *year*.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-of-Pocket Amount:

- Charges for services or supplies not covered under this plan;
- Charges which exceed the *maximum allowed amount*;
- Any expense which is in excess of the limitation for *participating hospitals* for hip or knee joint replacement surgery;
- Any expense applied to a deductible;
- Your Emergency Room Co-Payment.

MEDICAL BENEFIT MAXIMUMS

The *plan* does not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Authorization. Certain *specialty pharmacy drugs* require written prior authorization of benefits in order for you to receive them. Prior authorization criteria will be based on medical policy and the *pharmacy and therapeutics process*. You may need to try a *drug* other than the one originally prescribed if it's determined that it should be clinically effective for you. However, if it's determined through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, the *claims administrator* will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to the *claims administrator* for you to get it. The request may be made by either telephone or facsimile to the *claims administrator*. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

If the request is not for urgently needed *drugs*, after the *claims administrator* gets the request from your *physician*:

- Based on your medical condition, as *medically necessary*, the *claims administrator* will review it and decide if they will approve benefits within 5-business days. The *claims administrator* will tell you and your *physician* what they have decided in writing - by fax to your doctor, and by mail, to you.
- If more information is needed to make a decision, the *claims administrator* will tell your *physician* in writing within 5-business days after they get the request what information is missing and why they cannot make a decision. If, for reasons beyond the *claims administrator's* control, they cannot tell your *physician*

what information is missing within 5-business days, the *claims administrator* will tell your *physician* that there is a problem as soon as they know that they cannot respond within 5-business days. In any event, the *claims administrator* will tell you and your *physician* that there is a problem by telephone, and in writing by facsimile, to your *physician*, and in writing to you by mail.

- As soon as the *claims administrator* can, based on your medical condition, as *medically necessary*, within 5-business days after they have all the information they need to decide if they will approve benefits, the *claims administrator* will tell you and your *physician* what has been decided in writing - by fax to your *physician* and by mail to you.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call the telephone number on your I.D. card.

If a request for prior authorization of a *specialty pharmacy drug* is denied, you or your prescribing *physician* may appeal the decision by calling the telephone number on your I.D. card.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings for no more than 40 hours per week, across all settings, depending on the individual's needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

Qualified Autism Service Provider is either of the following:

- A person, entity, or group that is certified by a national entity, such as the Behavior Analyst Certification Board, that is accredited by the National Commission for Certifying Agencies, and who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the person, entity, or group that is nationally certified; or
- A person licensed as a physician and surgeon (M.D. or D.O.), physical therapist, occupational therapist, psychologist, marriage and family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech-language pathologist, or audiologist pursuant to state law, who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the licensee.

The *claims administrator's* network of *participating providers* is limited to licensed Qualified Autism Service Providers who contract with the *claims administrator* and who may supervise and employ Qualified Autism Service Professionals or Qualified Autism Service Paraprofessionals who provide and administer Behavioral Health Treatment.

Qualified Autism Service Professional is a provider who meets all of the following requirements:

- Provides behavioral health treatment,
- Is employed and supervised by a Qualified Autism Service Provider,

- Provides treatment according to a treatment plan developed and approved by the Qualified Autism Service Provider,
- Is a behavioral service provider approved as a vendor by a California regional center to provide services as an associate behavior analyst, behavior analyst, behavior management assistant, behavior management consultant, or behavior management program as defined in state regulation, and
- Has training and experience in providing services for Pervasive Developmental Disorder or autism pursuant to applicable state law.

Qualified Autism Service Paraprofessional is an unlicensed and uncertified individual who meets all of the following requirements:

- Is employed and supervised by a Qualified Autism Service Provider,
- Provides treatment and implements services pursuant to a treatment plan developed and approved by the Qualified Autism Service Provider,
- Meets the criteria set forth in any applicable state regulations adopted pursuant to state law concerning the use of paraprofessionals in group practice provider behavioral intervention services, and
- Has adequate education, training, and experience, as certified by a Qualified Autism Service Provider.

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this *plan* for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

- The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed clinical psychologist,
- The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised and employed by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised and employed by a Qualified Autism Service provider, and
- The treatment plan must have measurable goals over a specific timeline and be developed and approved by the Qualified Autism Service Provider for the specific patient being treated. The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:
 - ◆ Describes the patient's behavioral health impairments to be treated,
 - ◆ Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,
 - ◆ Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,
 - ◆ Discontinues Intensive Behavioral Intervention services when the treatment goals and objectives are achieved or no longer appropriate, and
 - ◆ The treatment plan is not used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and is not used to reimburse a parent for participating in the treatment

program. No coverage will be provided for any of these services or costs. The treatment plan must be made available to us upon request.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the *plan* pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The *plan* has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The *plan* has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the *plan* to exercise the *plan's* rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- The *plan* has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the *plan*.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the *plan's* subrogation claim and any claim held by you, the *plan's* subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The *plan* is not responsible for any attorney fees, attorney liens, other expenses or costs you incur without the *plan's* prior written consent. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.

Reimbursement

If you obtain a Recovery and the *plan* has not been repaid for the benefits the *plan* paid on your behalf, the *plan* shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the *plan* from any Recovery to the extent of benefits the *plan* paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the *plan* shall have a right of full recovery, in first priority, against any Recovery. Further, the *plan's* rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the *plan* the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the *plan* immediately upon your receipt of the Recovery. You must reimburse the *plan*, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.

- If you fail to repay the *plan*, the *plan* shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the *plan* has paid or the amount of your Recovery whichever is less, from any future benefit under the *plan* if:
 1. The amount the *plan* paid on your behalf is not repaid or otherwise recovered by the *plan*; or
 2. You fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the *plan*, the *plan* shall be entitled to deduct the amount of the *plan*'s lien from any future benefit under the *plan*.
- The *plan* shall also be entitled to recover any of the unsatisfied portion of the amount the *plan* has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the *plan* has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the *plan* will not have any obligation to pay the Provider or reimburse you.
- The *plan* is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must notify the *plan* promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved.
- You must cooperate with the *plan* in the investigation, settlement and protection of the *plan*'s rights. In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation or reimbursement rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- You must not do anything to prejudice the *plan*'s rights.
- You must send the *plan* copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the *plan* if you retain an attorney or if a lawsuit is filed on your behalf.

The *plan administrator* has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this *plan* in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The *plan* is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The *plan* shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The *plan* shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *member*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by at least one Other Plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The following rules determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a subscriber pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired *employee*.

For example: You are covered as a retired *employee* under this plan and eligible for Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
 - b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
 6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

For Active Subscribers and Dependents. *Members* entitled to Medicare receive the full benefits of this *plan*, except for those *members* listed below who are eligible for Medicare Part A because they have worked the required amount of time under the Social Security System:

1. *Members* who are receiving treatment for end-stage renal disease following the first 30 months such *members* are entitled to end-stage renal disease benefits under Medicare; and
2. *Members* who are entitled to Medicare benefits as disabled persons; unless, the *members* have a current employment status, as determined by Medicare rules, through a group of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

For Retired Employees and Their Spouses. If you are a *retired employee* or the spouse of a *retired employee* and you are eligible for Medicare Part A because you made the required number of quarterly contributions to the Social Security System, your benefits under this *plan* will be subject to the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

Coordinating Benefits With Medicare. The *plan* will not provide benefits that duplicate any benefits to which you would be entitled under full Medicare coverage (Medicare Parts A and B), whether or not you are actually enrolled in Medicare Parts A or B, and whether or not the benefits to which you are entitled are actually paid by Medicare.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this *plan* except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this *plan*.
2. For services you receive that are covered both by Medicare and under this *plan*, coverage under this *plan* will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this *plan* will not exceed the *maximum allowed amounts* for the covered services.

The *claims administrator* will apply any charges paid by Medicare for services covered under this *plan* toward your *plan* deductible, if any.

REQUIRED MONTHLY CONTRIBUTIONS FOR MEDICARE ELIGIBLE MEMBERS

For Active Subscribers and Dependents Entitled to but not enrolled under Medicare Part A and/or Medicare Part B. The required monthly contribution for coverage under this *plan* will be the required monthly contribution due for *members* covered under this *plan* who are not entitled to Medicare.

For Retired Employees and Their Spouses Entitled to but not enrolled under Medicare Part A and/or Medicare Part B. The required monthly contribution for coverage under this *plan* will be increased by an amount necessary to provide the hospital and/or medical benefits of this *plan*.

UTILIZATION REVIEW PROGRAM

Benefits are provided only for *medically necessary* and appropriate services. Utilization Review is designed to work together with you and your provider to ensure you receive appropriate medical care and avoid unexpected out of pocket expense.

No benefits are payable, however, unless your coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms and requirements of this *plan*.

Important: The Utilization Review Program requirements described in this section do not apply when coverage under this *plan* is secondary to another plan providing benefits for you or your *dependents*.

The utilization review program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. You and your *physician* are advised if the *claims administrator* has determined that services can be safely provided in an outpatient setting, or if an inpatient *stay* is recommended. Services that are *medically necessary* and appropriate are certified by the *claims administrator* and monitored so that you know when it is no longer *medically necessary* and appropriate to continue those services.

This *plan* includes the processes of pre-service, care coordination, and retrospective reviews to determine when services should be covered. Their purpose is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place of service where care is provided. This *plan* requires that covered services be *medically necessary* for benefits to be provided.

Certain services require pre-service review of benefits in order for benefits to be provided. *Participating providers* will initiate the review on your behalf. A *non-participating provider* may or may not initiate the review for you. In both cases, it is your responsibility to initiate the process and ask your *physician* to request pre-service review. You may also call the *claims administrator* directly. Pre-service review criteria are based on multiple sources including medical policy, clinical guidelines, and pharmacy and therapeutics guidelines. The *claims administrator* may determine that a service that was initially prescribed or requested is not *medically necessary* if you have not previously tried alternative treatments that are more cost effective.

It is your responsibility to determine whether a particular service requires pre-service authorization. Please read the following information that follows to assist you in this determination and please feel free to visit www.anthem.com or call the toll-free number for pre-service printed on your identification card if you have any questions about making this determination.

It is also your responsibility to see that your *physician* starts the utilization review process before scheduling you for any service subject to the utilization review program. If you receive any such service, and do not follow the procedures set forth in this section, your benefits will be reduced as shown in the "Effect on Benefits".

UTILIZATION REVIEW REQUIREMENTS

The stages of utilization review are pre-service review, care coordination review, and retrospective review.

Pre-service review determines in advance the medical necessity and appropriateness of certain procedures or admissions and the appropriate length of stay, if applicable. Pre-service review is required for the services listed below.

- Scheduled, non-emergency inpatient *hospital stays* and *residential treatment center* admissions.

Exceptions: Pre-service review is not required for inpatient *hospital stays* for the following services:

- ◆ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- ◆ Mastectomy and lymph node dissection.

- Specific outpatient services, including diagnostic treatment and other services.
- Specific outpatient surgeries performed in an outpatient facility or a doctor's office.
- *Facility-based care* for the treatment of *mental or nervous disorders* and substance abuse.
- Transplant services.
- Air ambulance in a non-medical *emergency*.
- Specific durable medical equipment.
- Home infusion therapy.
- Home health care.
- Admissions to a *skilled nursing facility*.
- Hip or knee joint replacement surgery.
- Bariatric surgical services performed at a *Centers of Medical Excellence (CME)* facility.
- Advanced imaging procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography, and Nuclear Cardiac Imaging. You may call the toll-free customer service telephone number on your identification card to find out if an imaging procedure requires pre-service review.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.

Care coordination review determines whether services are *medically necessary* and appropriate when the *claims administrator* is notified while service is ongoing, for example, an *emergency* admission to the *hospital*.

Retrospective review is performed to review services that have already been provided. This applies in cases when pre-service or care coordination review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

EFFECT ON BENEFITS

In order for the full benefits of this *plan* to be payable, the following criteria must be met:

1. The appropriate utilization reviews must be performed in accordance with this *plan*.
2. When pre-service review is performed and the admission, procedure or service is determined to be *medically necessary* and appropriate, benefits will be provided for the following:
 - Transplant services as follows:
 - a. For bone, skin or cornea transplants, if the *physicians* on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
 - b. For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a *Centers of Medical Excellence (CME)* facility.
 - Air ambulance in a non-medical *emergency*.
 - Specific durable medical equipment.

- Services of a home infusion therapy provider if the attending *physician* has submitted both a prescription and a plan of treatment before services are rendered.
- Home health care services if:
 - a. The services can be safely provided in your home, as certified by your attending *physician*;
 - b. Your attending *physician* manages and directs your medical care at home; and
 - c. Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.
- Services provided in a *skilled nursing facility* if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Hip or knee joint replacement surgery.
- Bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss if:
 - a. The services are to be performed for the treatment of morbid obesity;
 - b. The *physicians* on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
 - c. The bariatric surgical procedure will be performed at a *CME* facility.
- Advanced imaging procedures, including, but not limited to: Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and Nuclear Cardiac Imaging.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.

If you proceed with any services that have been determined to be not *medically necessary* and appropriate at any stage of the utilization review process, benefits will not be provided for those services.

3. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. If that review results in the determination that part or all of the services were not *medically necessary* and appropriate, benefits will not be provided for those services.

HOW TO OBTAIN UTILIZATION REVIEWS

Remember, it is always your responsibility to confirm that the review has been performed.

Pre-service Reviews.

1. For all scheduled services that are subject to utilization review, you or your *physician* must initiate the pre-service review at least five working days prior to when you are scheduled to receive services.
2. You must tell your *physician* that this *plan* requires pre-service review. *Physicians* who are *participating providers* will initiate the review on your behalf. A *non-participating provider* may initiate the review for you, or you may call the *claims administrator* directly. The toll-free number for pre-service review is printed on your identification card.
3. If you do not receive the reviewed service within 60 days of the certification, or if the nature of the service changes, a new pre-service review must be obtained.

4. The *claims administrator* will determine if services are *medically necessary* and appropriate. For inpatient *hospital* and *residential treatment center* stays, the *claims administrator* will, if appropriate, specify a specific length of *stay* for services. For *facility-based care* for the treatment of *mental or nervous disorders* and substance abuse the *claims administrator* will, if appropriate, specify the type and level of services, as well as their duration. You, your *physician* and the provider of the service will receive a written confirmation showing this information.

Care coordination Reviews

1. If pre-service review was not performed, you, your *physician* or the provider of the service must contact the *claims administrator* for care coordination review. For an *emergency* admission or procedure, the *claims administrator* must be notified within one working day of the admission or procedure, unless extraordinary circumstances* prevent such notification within that time period.
2. When *participating providers* have been informed of your need for utilization review, they will initiate the review on your behalf. You may ask a *non-participating provider* to call the toll free number printed on your identification card or you may call directly.
3. When the *claims administrator* determines that the service is *medically necessary* and appropriate, the *claims administrator* will, depending upon the type of treatment or procedure, specify the period of time for which the service is medically appropriate. The *claims administrator* will also determine the medically appropriate setting.
4. If the *claims administrator* determines that the service is not *medically necessary* and appropriate, your *physician* will be notified by telephone no later than 24 hours following their decision. The *claims administrator* will send written notice to you and your *physician* within two business days following their decision. However, care will not be discontinued until your *physician* has been notified and a plan of care that is appropriate for your needs has been agreed upon.

***Extraordinary Circumstances.** In determining "extraordinary circumstances", the *claims administrator* may take into account whether or not your condition was severe enough to prevent you from notifying the *claims administrator*, or whether or not a member of your family was available to notify the *claims administrator* for you. You may have to prove that such "extraordinary circumstances" were present at the time of the *emergency*.

Retrospective Reviews

1. Retrospective review is performed when the *claims administrator* is not notified of the service you received, and are therefore unable to perform the appropriate review prior to your discharge from the *hospital* or completion of outpatient treatment. It is also performed when pre-service or care coordination review has been done, but services continue longer than originally certified.

It may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not pre-service or care coordination review was performed.

2. Such services which have been retroactively determined to not be *medically necessary* and appropriate will be retrospectively denied certification.

THE MEDICAL NECESSITY REVIEW PROCESS

The *claims administrator* works with you and your health care providers to cover *medically necessary* and appropriate care and services. While the types of services requiring review and the timing of the reviews may vary, the *claims administrator* is committed to ensuring that reviews are performed in a timely and professional manner. The following information explains the *claims administrator's* review process.

1. A decision on the medical necessity of a pre-service request will be made no later than five business days from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition.

When your medical condition is such that you face an imminent and serious threat to your health, including the potential loss of life, limb, or other major bodily function and the normal five day timeframe described above would be detrimental to your life or health or could jeopardize your ability to regain maximum function, a decision on the medical necessity of a pre-service request will be made no later than 72 hours after receipt of the information reasonably necessary to make the decision (or within any shorter period of time required by applicable federal law, rule, or regulation).

2. A decision on the medical necessity of a care coordination request will be made no later than one business day from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition. However, care will not be discontinued until your *physician* has been notified and a plan of care that is appropriate for your needs has been agreed upon.
3. A decision on the medical necessity of a retrospective review will be made and communicated in writing no later than 30 days from receipt of the information necessary to make the decision to you and your *physician*.
4. If the *claims administrator* does not have the information they need, they will make every attempt to obtain that information from you or your *physician*. If the *claims administrator* is unsuccessful, and a delay is anticipated, they will notify you and your *physician* of the delay and what they need to make a decision. The *claims administrator* will also inform you of when a decision can be expected following receipt of the needed information.
5. All pre-service, care coordination and retrospective reviews for medical necessity are screened by clinically experienced, licensed personnel (called "Review Coordinators") using pre-established criteria and the *claims administrator's* medical policy. These criteria and policies are developed and approved by practicing providers not employed by the *claims administrator*, and are evaluated at least annually and updated as standards of practice or technology change. Requests satisfying these criteria are certified as *medically necessary*. Review Coordinators are able to approve most requests.
6. For pre-service and care coordination requests, written confirmation including the specific service determined to be *medically necessary* will be sent to you and your provider no later than 2 business days after the decision, and your provider will be initially notified by telephone within 24 hours of the decision for pre-service and care coordination reviews.
7. If the request fails to satisfy these criteria or medical policy, the request is referred to a Peer Clinical Reviewer. Peer Clinical Reviewers are health professionals clinically competent to evaluate the specific clinical aspects of the request and render an opinion specific to the medical condition, procedure and/or treatment under review. Peer Clinical Reviewers are licensed in California with the same license category as the requesting provider. When the Peer Clinical Reviewer is unable to certify the service, the requesting *physician* is contacted by telephone for a discussion of the case. In many cases, services can be certified after this discussion. If the Peer Clinical Reviewer is still unable to certify the service, your provider will be given the option of having the request reviewed by a different Peer Clinical Reviewer.
8. Only the Peer Clinical Reviewer may determine that the proposed services are not *medically necessary* and appropriate. Your *physician* will be notified by telephone within 24 hours of a decision not to certify and will be informed at that time of how to request reconsideration. Written notice will be sent to you and the requesting provider within two business days of the decision. This written notice will include:
 - an explanation of the reason for the decision,
 - reference of the criteria used in the decision to modify or not certify the request,
 - the name and phone number of the Peer Clinical Reviewer making the decision to modify or not certify the request,
 - how to request reconsideration if you or your provider disagree with the decision.
9. Reviewers may be plan employees or an independent third party the *claims administrator* chooses at their sole and absolute discretion.

10. You or your *physician* may request copies of specific criteria and/or medical policy by writing to the address shown on your plan identification card. The *claims administrator* discloses their medical necessity review procedures to health care providers through provider manuals and newsletters.

A determination of medical necessity does not guarantee payment or coverage. The determination that services are *medically necessary* is based on the clinical information provided. Payment is based on the terms of your coverage at the time of service. These terms include certain exclusions, limitations, and other conditions. Payment of benefits could be limited for a number of reasons, including:

- The information submitted with the claim differs from that given by phone;
- The service is excluded from coverage; or
- You are not eligible for coverage when the service is actually provided.

Revoking or modifying an authorization. An authorization for services or care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *agreement* with the *plan* terminates;
- You reach a benefit maximum that applies to the services in question;
- Your benefits under the *plan* change so that the services in question are no longer covered or are covered in a different way.

PERSONAL CASE MANAGEMENT

The personal case management program enables the *claims administrator* to authorize you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* has the right to recommend an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive personal case management, nor does the *claims administrator* have an obligation to provide it; the *claims administrator* provides these services at their sole and absolute discretion.

HOW PERSONAL CASE MANAGEMENT WORKS

You may be identified for possible personal case management through the *plan's* utilization review procedures, by the attending *physician*, *hospital* staff, or the *claims administrator's* claims reports. You or your family may also call the *claims administrator*.

Benefits for personal case management will be considered only when all of the following criteria are met:

1. You require extensive long-term treatment;
2. The *claims administrator* anticipates that such treatment utilizing services or supplies covered under this *plan* will result in considerable cost;
3. The *claims administrator's* cost-benefit analysis determines that the benefits payable under this *plan* for the alternative plan of treatment can be provided at a lower overall cost than the benefits you would otherwise receive under this *plan* while maintaining the same standards of care; and
4. You (or your legal guardian) and your *physician* agree, in a letter of agreement, with the *claims administrator's* recommended substitution of benefits and with the specific terms and conditions under which alternative benefits are to be provided.

Alternative Treatment Plan. If the *claims administrator* determines that your needs could be met more efficiently, an alternative treatment plan may be recommended. This may include providing benefits not otherwise covered under this *plan*. The *claims administrator's* case manager will review the medical records and discuss your treatment with the attending *physician*, you and your family.

The *claims administrator* makes treatment recommendations only; any decision regarding treatment belong to you and your *physician*. The *plan* will, in no way, compromise your freedom to make such decisions.

EFFECT ON BENEFITS

1. Benefits are provided for an alternative treatment plan on a case-by-case basis only. The *claims administrator* has absolute discretion in deciding whether or not to authorize services in lieu of benefits for any *member*, which alternatives may be offered and the terms of the offer.
2. The *claims administrator's* authorization of services in lieu of benefits in a particular case in no way commits the *claims administrator* to do so in another case or for another *member*.
3. The personal case management program does not prevent the *claims administrator* from strictly applying the expressed benefits, exclusions and limitations of this *plan* at any other time or for any other *member*.

Note: The *claims administrator* reserves the right to use the services of one or more third parties in the performance of the services outlined in the letter of agreement. No other assignment of any rights or delegation of any duties by either party is valid without the prior written consent of the other party.

DISAGREEMENTS WITH MEDICAL MANAGEMENT DECISIONS

1. If you or your *physician* disagree with a decision, or question how it was reached, you or your *physician* may request reconsideration. Please refer to YOUR RIGHT TO APPEALS – EXTERNAL REVIEW for information on how to obtain the proper review.
2. If the appeal decision is still unsatisfactory, your remedy may be binding arbitration. (See BINDING ARBITRATION.)

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the *claims administrator* may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in the *claims administrator's* discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, the *claims administrator* may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. The *claims administrator* may also exempt claims from medical review if certain conditions apply.

If the *claims administrator* exempts a process, health care provider, or claim from the standards that would otherwise apply, they are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. The *claims administrator* may stop or modify any such exemption with or without advance notice.

You may determine whether a health care provider participates in certain programs by checking the online provider directory on the *claims administrator's* website at www.anthemcom/ca or by calling the customer service telephone number listed on your ID card.

QUALITY ASSURANCE

Utilization review programs are monitored, evaluated, and improved on an ongoing basis to ensure consistency of application of screening criteria and medical policy, consistency and reliability of decisions by reviewers, and compliance with policy and procedure including but not limited to timeframes for decision making, notification and written confirmation. The *claims administrator's* Board of Directors is responsible for medical necessity review processes through its oversight committees including the Strategic Planning Committee, Quality Management Committee, and Physician Relations Committee. Oversight includes approval of policies and procedures, review and approval of self-audit tools, procedures, and results. Monthly process audits measure the performance of reviewers and Peer Clinical Reviewers against approved written policies, procedures, and timeframes. Quarterly reports of audit results and, when needed, corrective action plans are reviewed and approved through the committee structure.

HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

PARTICIPATION REQUIREMENTS

1. Full-Time Subscribers

All eligible full-time *subscribers* or *subscribers* who receive 100% of the amount contributed towards the cost of a full-time *subscriber* must enroll under the *plan*.

2. Less Than Full-Time Subscribers

Subscribers who work less than full-time, or who receive less than the amount contributed toward the cost of a full-time *subscriber*, but are eligible according to SISC III guidelines and the *participating employer* requirements may decline coverage. Except as stated under SPECIAL ENROLLMENT PERIODS, *subscribers* who decline coverage when first eligible or at any subsequent Open Enrollment Period may not re-enroll under the *plan* until the next Open Enrollment Period.

Less than full-time *subscribers* or *subscribers* who receive less than the amount contributed toward the cost of a full-time *subscriber* who declined coverage and subsequently become full-time *subscribers* or begin to receive 100% of the amount contributed toward the cost of a full-time *subscriber* must enroll immediately. Such *subscribers* cannot wait until the next Open Enrollment Period to enroll. Coverage will become effective on the first day of the month following the date they become full-time *subscribers* or begin to receive 100% of the amount contributed toward the cost of a full-time *subscriber*.

3. Non-Eligible Subscribers

Subscribers who do not receive contributions towards the cost of the *plan* based on a pro-rata share of the number of hours worked or *subscribers* who work less than half-time are not eligible to enroll under the *plan*.

ELIGIBLE STATUS

1. Subscriber's

- a. A non-temporary *subscriber* who works the minimum number of hours required by SISC III and the *participating employer*.
- b. A *retired employee* who retired from active employment and was covered under a *plan* sponsored by SISC III immediately prior to retirement.

2. Dependent's

The following persons are eligible to enroll as *dependents*: (a) Either the *subscribers spouse* or *domestic partner*; and (b) A child.

Definition of Dependent

1. **Spouse** is the *subscriber's* spouse under a legally valid marriage. Spouse does not include any person who is in active service in the armed forces.
2. **Domestic partner** is the *subscriber's* domestic partner. Domestic partner does not include any person who is in active service in the armed forces. In order for the *subscriber* to include their domestic partner as a *dependent*, the *subscriber* and domestic partner must meet the following requirements:
 - a. Both persons have a common residence.
 - b. Both persons agree to be jointly responsible for each other's basic living expenses incurred during their domestic partnership.
 - c. Neither person is married or a member of another domestic partnership.

- d. The two persons are not related by blood in a way that would prevent them from being married to each other in California.
- e. Both persons are at least 18 years of age.
- f. Either of the following:
 - i. Both persons are members of the same sex; or
 - ii. One or both of the persons meet the eligibility criteria under Title II of the Social Security Act as defined in 42 U.S.C. Section 402(a) for old-age insurance benefits or Title XVI of the Social Security Act as defined in 42 U.S.C. Section 1381 for aged members. Notwithstanding any other provision of this section, persons of opposite sexes may not constitute a domestic partnership unless one or both of the persons are over the age of 62.
- g. Both persons are capable of consenting to the domestic partnership.
- h. Neither person has previously filed: (1) a Declaration of Domestic Partnership with the California Secretary of State, or a similar form with another governing jurisdiction, that has not been terminated pursuant to the laws of California, or of that other jurisdiction; or, if (1) does not apply, (2) an affidavit with SISC III declaring they are part of a domestic partnership that they have not been terminated by giving SISC III written notice that it has.
- i. It has been at least six months since: (1) the date that the Notice of Termination of Domestic Partnership was filed with the California Secretary of State, or similar form was filed with another governing authority; or, if (1) does not apply, (2) either person has given written notice to SISC III that the domestic partnership they declared in an affidavit, given to SISC III, has terminated. This item does not apply if the previous domestic partnership ended because one of the partners died or married.
- j. Both partners:
 - i. If they reside in the State of California, must file a Declaration of Domestic Partnership with the California Secretary of State pursuant to Division 2.5 of the California Family Code to establish their domestic partnership. The *subscriber* must provide SISC III with a certified copy of the Declaration of Domestic Partnership that was filed with the California Secretary of State;
 - ii. If they reside in another state or governing jurisdiction that registers domestic partnerships, they must register their domestic partnership with that state or governing jurisdiction. The *subscriber* must provide SISC III with a certified copy of the document that was filed with the governing jurisdiction registering their domestic partnership; or
 - iii. If the *subscriber* and their domestic partner do not reside in a city, county or state that allows them to register as domestic partners, they must provide SISC III with a signed, notarized, affidavit certifying they meet all of the requirements set forth in 2.a through 2.i above, inclusive.

Note: For the purposes of 2.j.i above, if the *subscriber* and their domestic partner registered their relationship prior to July 1, 2000, with a local governing jurisdiction in California, in lieu of supplying SISC III with a certified copy of the Declaration of Domestic Partnership (a State of California form), the *subscriber* may provide SISC III with a certified copy of the form filed with the local governing jurisdiction.

For the purposes of this provision, the following definitions apply:

"Have a common residence" means that both domestic partners share the same residence. It is not necessary that the legal right to possess the common residence be in both of their names. Two people have a common residence even if one or both have additional residences. Domestic partners do not cease to have a common residence if one leaves the common residence but intends to return.

"Basic living expenses" means shelter, utilities, and all other costs directly related to the maintenance of the common household of the common residence of the domestic partners. It also means any other cost, such as medical care, if some or all of the cost is paid as a benefit because a person is another person's domestic partner.

"Joint responsibility" means that each partner agrees to provide for the other partner's basic living expenses if the partner is unable to provide for herself or himself. Persons to whom these expenses are owed may enforce this responsibility if, in extending credit or providing goods or services, they relied on the existence of the domestic partnership and the agreement of both partners to be jointly responsible for those specific expenses.

Important Note.

If your *spouse* or *domestic partner* is eligible for medical benefits through their employer, another group health plan, or are given the option to enroll in retiree benefits, he or she must enroll in that plan in order to be covered as a *dependent* under this *plan*, even if enrollment in that plan requires a premium cost be paid by the *spouse*. If after enrollment in other available coverage, the *spouse* chooses also to be enrolled under this *plan* as a *dependent*, payment of benefits under this *plan* will be secondary.

3. **Child** is the *subscriber's*, *spouse's* or *domestic partner's*, natural child, stepchild, legally adopted child, or a child for whom the *subscriber*, *spouse* or *domestic partner* has been appointed legal guardian by a court of law, subject to the following:
 - a. The child is under 26 years of age.
 - b. The unmarried child is 26 years of age, or older and: (i) was covered under the *prior plan*, was covered as a *dependent* of the *subscriber* under another plan or health insurer, or has six or more months of other *creditable coverage*; (ii) continues to be dependent on the *subscriber*, *spouse* or *domestic partner* for financial support and maintenance as defined by IRS rules; or (iii) is incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. SISC III must receive the certification, at no expense to itself, within 60-days of the date the *subscriber* receives the request from SISC III. SISC III may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent *on the subscriber, spouse or domestic partner* for financial support as defined by IRS rules and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
 - c. A child who is in the process of being adopted is considered a legally adopted child if SISC III receives legal evidence of both: (i) the intent to adopt; and (ii) that the *subscriber*, *spouse* or *domestic partner* have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption.

Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child's birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the *subscriber's*, the *spouse's* or *domestic partner's* right to control the health care of the child.

- d. A Child for whom the *subscriber, spouse or domestic partner* is a legal guardian is considered eligible on the date of the court decree. SISC III must receive legal evidence of the decree. Such Child must be enrolled as set forth in the ENROLLMENT and EFFECTIVE DATE provisions below.

Important Note: Before a *dependent's* enrollment is processed, SISC III reserves the right to request documentation or proof of his or her eligibility (that is a marriage certificate, a birth certificate, a court decree or adoption papers). In addition, before you can enroll your domestic partner, SISC III reserves the right to request documentation or proof to support the domestic partnership (that is a Declaration of Domestic Partnership or properly executed affidavit as noted above under **Domestic Partner**).

ELIGIBILITY DATE

1. For *subscribers*, you become eligible for coverage on the first day of the month following the date you meet the enrollment requirement of your *participating employer* and SISC III guidelines.
2. For *dependents*, you become eligible for coverage on the later of: (a) the date the *subscriber* becomes eligible for coverage; or, (b) the date you meet the *dependent* definition.

ENROLLMENT

To enroll as a *subscriber*, or to enroll *dependents*, the *subscriber* must properly file an application with SISC III. An application is considered properly filed, only if it is personally signed, dated, and given to SISC III within 31 days from your eligibility date. If any of these steps are not followed, your coverage may be denied or you may have to wait until the next Open Enrollment Period to enroll.

EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of required monthly contributions as stated in the *participation agreement*. The date you become covered is determined as follows:

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for *subscribers*, on the first day of the month following your date of hire or the first day of your hire month if your hire date is the first working day of the month; and (b) for *dependents*, on the later of (i) the date the *subscriber's* coverage begins, or (ii) the first day of the month after the *dependent* becomes eligible. If you become eligible before the *plan* takes effect, coverage begins on the effective date of the *plan*, provided the enrollment application is on time and in order.
2. **Late Enrollment:** If you enroll more than 31 days after your eligibility date, you must wait until the next Open Enrollment Period to enroll.
3. **Disenrollment:** If you voluntarily choose to disenroll from coverage under this *plan*, you will be eligible to reapply for coverage as set forth in the "Enrollment" provision above, during the next Open Enrollment Period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

Important Note for Newborn and Newly-Adopted Children. If the *subscriber (or spouse or domestic partner, if the spouse or domestic partner is enrolled)* is already covered: (1) any *child* born to the *subscriber, spouse or domestic partner* will be covered from the moment of birth; and (2) any *child* being adopted by the *subscriber, spouse or domestic partner* will be covered from the date on which either: (a) the adoptive *child's* birth parent, or other appropriate legal authority, signs a written document granting the *subscriber, spouse or domestic partner* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *subscriber's, spouse's or domestic partner's* right to control the health care of the *child* may be used); or (b) the *subscriber, spouse or domestic partner* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child's* adoption. The written document referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For coverage to continue beyond this 31-day period, the *subscriber* must enroll the *child* within the 31-day period by submitting a membership change form to SISC III. Any membership change form not filed within the 31-day period must be submitted to SISC III during the Open Enrollment Period generally held during September of each year for an effective date of October 1.

Special Enrollment Periods

You may enroll without waiting for the next Open Enrollment Period if you are otherwise eligible under any one of the circumstances set forth below:

1. For less than full-time *subscribers* or *subscribers* who receive less than the amount contributed toward the cost of a full-time *subscriber*:
 - a. If you declined coverage you must file an application with SISC III to enroll within a time period ending 31 days after: (a) the date of an increase in the number of hours worked; or (b) the date of an increase in amount contributed by the *participating employer*. Coverage will become effective on the first day of the month following the date of the event.
 - b. If you declined coverage because you were covered elsewhere, you must file an application with SISC III to enroll within a time period ending 31 days after the date you lose coverage. You must have signed a declination of coverage form when first eligible or during the Open Enrollment Period stating you declined coverage because you were covered elsewhere and evidence of loss of coverage must be submitted to SISC III with your application for enrollment. Coverage will become effective on the first day of the month following the date you lost coverage.
2. For all other *subscribers* and eligible *dependents*:

You have met all of the following requirements:

- a. You were covered as a member or dependent under either:
 - i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation; or
 - ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
 - iii. You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the next open enrollment period to do so.
 - iv. Your coverage under the other health plan wherein you were covered as a member or dependent ended as follows:
 - a. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.
 - b. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with SISC III within 60 days after the date your coverage ended.

- v. You properly file an application with SISC III within 31 days from the date on which you lose coverage.
- b. A court has ordered coverage be provided under your employee health plan for: (i) a *spouse*; (ii) a *domestic partner*; or (iii) a dependent *child*, but only if the *spouse*, *domestic partner* and/or dependent *child* meets the eligibility requirements of the *plan*. Application must be filed within 31 days from the date the court order is issued.
- c. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a *child*:
 - i. If you are enrolling following marriage or domestic partnership, you and your new *spouse* or *domestic partner*, must enroll within 31 days of the date of marriage or domestic partnership. Your new *spouse* or *domestic partner's* children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Coverage will be effective on the first day of the month following the date you file the enrollment application.
 - ii. If you are enrolling following the birth, adoption, or placement for adoption of a *child*, your *spouse* (if you are already married) or *domestic partner*, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption; coverage will be effective on the first day of the month following the date of birth. For adoption, or placement for adoption coverage will be effective as of the date of the court decree.
- 3. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan. Coverage will be effective on the first day of the month following the date you file the enrollment application.
- 4. You become eligible for assistance, with respect to the cost of coverage under the employer's *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with SISC III within 60 days after the date you are determined to be eligible for this assistance.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

If a court has ordered that coverage be provided for a dependent *child*, coverage will become effective for that *child* on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the *child*, the employer, or the *plan administrator*.

OPEN ENROLLMENT PERIOD

There is an open enrollment period once each *year*. This period of time is generally held during the month of September. During that time, a member who meets the eligibility requirements as a *subscriber* under this *plan* may enroll. A *subscriber* may also enroll any eligible *dependents* at that time. Persons eligible to enroll as *dependents* may enroll only under the *subscriber's plan*.

For anyone so enrolling, coverage under this *plan* will begin on the first day of October following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this *plan* begins.

HOW COVERAGE ENDS

Coverage may be cancelled without notice from SISC III for any of the reasons listed below. SISC III does not provide notice of cancellation to members, but will notify the *participating employer*.

1. Subscriber

- a. If the *participation agreement* between the *participating employer* and SISC III terminates, the *subscriber's* coverage ends at the same time. Either the *participating employer* or SISC III may cancel or change the *participation agreement* without notice to *subscribers*.
- b. If the *participating employer* no longer provides coverage for the class of members to which the *subscriber* belongs, the *subscriber's* coverage ends when coverage for that class ends.
- c. If the *subscriber* no longer meets the eligibility requirements established by SISC III in the *participation agreement*, the *subscriber's* coverage ends as of the next required monthly contribution due date. This is usually the first of the month.
- d. If required monthly contributions are not paid on the *subscriber's* behalf, the *subscriber's* coverage will end on the first day of the period for which required monthly contributions are not paid.
- e. If less than full-time *subscribers* or *subscribers* who receive less than the amount contributed toward the cost of a full-time *subscriber* voluntarily cancel coverage, coverage ends on the first day of the month following a 30-day notice.
- f. If a *retired employee* does not elect coverage upon his or her retirement, coverage ends on the first day of the month immediately following his or her retirement date. If a *retired employee* declines district coverage, the *retired employee* may not elect coverage at a future date.

Exception to item c.:

If required monthly contributions are paid, coverage may continue for a *subscriber* who is granted a temporary leave of absence up to six months, a sabbatical year's leave of absence of up to 12 months, or an extended leave of absence due to illness certified annually by the *participating employer*.

2. Dependents

- a. If coverage for the *subscriber* ends, coverage for *dependents* ends at the same time.
- b. If coverage for *dependents* ceases to be available to the *subscriber*, *dependent's* coverage ends on that date.
- c. If the *participating employer* fails to pay the required monthly contributions on behalf of a *dependent*, coverage ends on the last date for which the *participating employer* made this payment.
- d. If a *dependent's* coverage is canceled, coverage ends on the first day of the month following a written notice.
- e. If a *dependent* no longer meets the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, coverage ends on the first day of the month following that date.

Exception to item e.:

Handicapped Children: If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *dependent* if he or she is (i) covered under this *plan*, (ii) still chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance as defined by IRS rules, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. SISC III will notify the *subscriber* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *subscriber* must send SISC III proof of the *child's* physical or mental condition within 60-days of the date the *subscriber* receives SISC III's request. If SISC III does

not complete their determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending determination by SISC III. When a period of two years has passed, SISC III may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *subscriber, spouse or domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

All conditions of eligibility shall be in accordance with the eligibility rules adopted by SISC III.

Note: If a marriage or domestic partnership terminates, the *subscriber* must give or send to SISC III written notice of the termination. Coverage for a former *spouse or domestic partner*, if any, ends according to the "Eligible Status" provisions. If SISC III suffers a loss as a result of the *subscriber* failing to notify them of the termination of their marriage or domestic partnership, SISC III may seek recovery from the *subscriber* for any actual loss resulting thereby. Failure to provide written notice to SISC III will not delay or prevent termination of the marriage or domestic partnership. If the *subscriber* notifies the *plan administrator* in writing to cancel coverage for a former *spouse or domestic partner* and the *children* of the *spouse or domestic partner*, if any, immediately upon termination of the *subscriber's* marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, CONTINUATION FOR DISABLED DISTRICT MEMBERS, COVERAGE FOR SURVIVING SPOUSES OF CERTIFICATED MEMBERS, CONTINUATION DURING LABOR DISPUTE, EXTENSION OF BENEFITS, and HIPAA COVERAGE AND CONVERSION.

CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *plan* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your *plan administrator* for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this "Definitions" provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *plan* as either a *subscriber* or *dependent*; and (b) a *child* who is born to or placed for adoption with the *subscriber* during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any *dependents* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *plan*. The events will be referred to throughout this section by number.

1. For Subscribers and Dependents:

- a. The *subscriber's* termination of employment, for any reason other than gross misconduct; or
- b. A reduction in the *subscriber's* work hours.

2. For Retired Employees and their Dependents.

Cancellation or a substantial reduction of retiree benefits under the *plan* due to SISC III or the *participating employer* filing for Chapter 11 bankruptcy, provided that:

- a. The *plan* expressly includes coverage for retirees; and
- b. Such cancellation or reduction of benefits occurs within one year before or after SISC III or the *participating employer's* filing for bankruptcy.

3. For Dependents:

- a. The death of the *subscriber*;
- b. The *spouse's* divorce or legal separation from the *subscriber*;
- c. The end of a *domestic partner's* partnership with the *subscriber*;
- d. The end of a *child's* status as a dependent *child*, as defined by the *plan*; or
- e. The *subscriber's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or *dependent* may choose to continue coverage under the *plan* if your coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *participating employer* or its administrator (we are not the administrator) will notify either the *subscriber* or *dependent* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the *participating employer* or its administrator will notify the *subscriber* of the right to continue coverage.
2. For Qualifying Events 3(a) or 3(e) above, a *dependent* will be notified of the COBRA continuation right.
3. You must inform the *participating employer* within 60 days of Qualifying Events 3(b), 3(c) or 3(d) above if you wish to continue coverage. The *participating employer* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *participating employer* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *members* within a family, or only for selected *members*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to the *participating employer* within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A *spouse*, *domestic partner* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *dependent*. The standard enrollment provisions of the *plan* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *participating employer* may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to the *participating employer* each month during the COBRA continuation period. SISC III must receive payment of the required monthly contribution each month from the *participating employer* in order to maintain the coverage in force.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *subscriber*;
2. A *domestic partner* whose COBRA continuation began due to the end of the domestic partnership or death of the *subscriber*;
3. A *child* if neither the *subscriber* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the required monthly contribution will be the two-party or three-party rate depending on the number of *children* enrolled); and
4. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a *member*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *dependents* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation, the end of a domestic partnership, or the end of dependent *child* status;*
3. The end of 36 months from the date the *subscriber* became entitled to Medicare, if the Qualifying Event was the *subscriber's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *subscriber* will end 36 months from the date the *subscriber* became entitled to Medicare;
4. The date the *plan* terminates;
5. The end of the period for which required monthly contributions are last paid;
6. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the *member*, in which case this COBRA continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or
7. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*. Additional note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this *benefit booklet* for more information.

Subject to the *plan* remaining in effect, a retired *employee* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *dependents* may continue coverage for 36 months after the *subscriber's* death. But coverage could terminate prior to such time for either the *subscriber* or *dependent* in accordance with items 4, 5 or 6 above.

If your COBRA continuation under this *plan* ends in accordance with items 1, 2 or 3, you may be eligible for medical conversion coverage. If your COBRA continuation under this *plan* ends in accordance with items 1, 2, 3, or 4 you may be eligible for HIPAA coverage. The *participating employer* will provide notice of these options within 180 days prior to your COBRA termination date. Please see HIPAA COVERAGE AND CONVERSION in this *benefit booklet* for more information.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and

2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish the *plan administrator* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the *participating employer* must remit the cost for the extended continuation coverage to SISC III. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be **150%** of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. The cost for extended continuation coverage must be remitted to SISC III by the *participating employer* each month during the period of extended continuation coverage. SISC III must receive timely payment of the required monthly contribution each month from the *participating employer* in order to maintain the extended continuation coverage in force.
3. The *participating employer* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event*;
3. The date the *plan* terminates;
4. The end of the period for which required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the *member*, in which case this COBRA extension will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *participating employer* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

*Note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this *benefit booklet* for more information.

CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or
2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan, as long as you are not subject to a pre-existing condition limitation under that coverage; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, your *participating employer* will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify your *participating employer* in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

Additional Dependents. A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a *dependent*. The standard enrollment provisions of the *plan* apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You may be required to pay the entire cost of your CalCOBRA continuation coverage (this is the "required monthly contribution"). This cost must be remitted to the *participating employer* each month during the CalCOBRA continuation period. This cost will be:

1. 110% of the applicable group rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable group rate if your coverage under federal COBRA ended after 29 months.

You must make payment to your *participating employer* within the timeframes specified below. Your *participating employer* must receive payment of your required monthly contribution each month to maintain your coverage in force.

Payment Dates. The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required monthly contribution and monthly contributions due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding monthly contributions are due on the first day of each following month.

If monthly contributions are not received when due, your coverage will be cancelled. The *participating employer* will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment the *participating employer* receives after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid monthly contributions that you owe to the *participating employer*, including monthly contributions that apply during any grace period.

Change of the Monthly Contribution. The amounts of the required monthly contribution may be changed by the *participating employer* as of any monthly contribution due date. The *participating employer* will provide you with written notice at least 60 days prior to the date any monthly contribution increase goes into effect.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the *prior plan*, your coverage may continue under this *plan* for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and required monthly contribution payment requirements of this *plan* within 30 days of receiving notice that your continuation coverage under the *prior plan* will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the required monthly contribution, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For *dependents* properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the *plan* terminates;
3. The end of the period for which required monthly contributions are last paid;
4. The date you become covered under any other health plan, unless the other health plan contains an exclusion or limitation relating to a pre-existing condition that you have. In this case, this continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied;
5. The date you become entitled to Medicare; or
6. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the qualifying event under that *prior plan*.

If your CalCOBRA continuation under this *plan* ends in accordance with item 1, you may be eligible for medical conversion coverage. If your CalCOBRA continuation under this *plan* ends in accordance with items 1 or 2, you may be eligible for HIPAA coverage. You will receive notice of these options within 180 days prior to your CalCOBRA termination date. Please see HIPAA COVERAGE AND CONVERSION in this *benefit booklet* for more information.

CONTINUATION FOR DISABLED DISTRICT MEMBERS

If you become disabled as a result of a violent act directed at you while performing duties in the scope of employment as a district member, your benefits under this *plan* may be continued.

Eligibility. You must be a member of the State Teachers' Retirement System or a classified school subscriber member of the Public Employees' Retirement System and be covered under the *participation agreement* at the time of the violent act causing the disability.

Cost of Coverage. The *participating employer* may require that you pay the entire cost of your continuation coverage. This cost (called the "required monthly contribution") must be remitted to the *participating employer* each month during your continuation. SISC III must receive payment of the required monthly contribution each month from the *participating employer* in order to maintain the coverage in force. SISC III will accept required monthly contributions only from the *participating employer*. Payment made by you directly to SISC III will not continue coverage.

When Continuation Coverage Begins. When continuation coverage is elected and the required monthly contribution is paid, coverage is reinstated back to the date you became disabled, so that no break in coverage occurs, but only if you elect to continue coverage within sixty (60) days after your coverage terminates. For *dependents* acquired and properly enrolled during the continuation, coverage begins according to the enrollment provisions of the *participation agreement*.

When Continuation Coverage Ends. This continuation coverage ends for the *subscriber* on the earliest of:

1. The date the *participation agreement* terminates;
2. The end of the period for which required monthly contributions are last paid; or
3. The date the maximum benefits of this *plan* are paid.

For *dependents*, this continuation coverage ends according to the provisions of the section entitled HOW COVERAGE BEGINS AND ENDS.

COVERAGE FOR SURVIVING SPOUSES OF CERTIFICATED MEMBERS

If the *subscriber* dies while covered under this *plan* as a certificated *subscriber* or a certificated *retired employee*, coverage continues for an enrolled spouse until one of the following occurs:

1. The *spouse* becomes covered under another group health plan, or
2. The *spouse's* coverage ends as described under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE ENDS.

Exception: If the *subscriber* dies while covered under this *plan* as a classified *subscriber* or a classified *retired employee*, the enrolled *spouse* may be eligible to continue coverage under this benefit. Please consult your *participating employer* for details regarding their policy.

CONTINUATION DURING LABOR DISPUTE

If you are an eligible *subscriber* who stops working because of a labor dispute, the *participating employer* may arrange for coverage to continue as follows:

1. **Required Monthly Contributions:** Required monthly contributions are determined by SISC III as stated in the *participation agreement*. These required monthly contributions become effective on the required monthly contribution due date after work stops.
2. **Collection of Required Monthly Contributions:** The *participating employer* is responsible for collecting required monthly contributions from those *subscribers* who choose to continue coverage. The *participating employer* is also responsible for submitting required monthly contributions to SISC III on or before each required monthly contribution due date.

3. **Cancellation if participation falls below 75%:** SISC III must receive premium for at least **75%** of the *subscribers* who stop work because of the labor dispute. If at any time participation falls below **75%**, coverage may be cancelled. This cancellation is effective 10 days after written notice to the *participating employer*. The *participating employer* is responsible for notifying the *subscribers*.
4. **Length of coverage:** Coverage during a labor dispute may continue up to six months. After six months, coverage is cancelled automatically without notice from SISC III.

EXTENSION OF BENEFITS

If you are a *totally disabled subscriber* or a *totally disabled dependent* and under the treatment of a *physician* on the day your coverage under this *plan* ends, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, the *claims administrator* must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. The *claims administrator* must receive this certification within 90 days of the date coverage ends under the *participation agreement*. At least once every 90 days while benefits are extended, the *claims administrator* must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
 - d. A period of up to 12 months has passed since your extension began.

HIPAA COVERAGE AND CONVERSION

If your coverage for medical benefits under this *plan* ends, you may be eligible to enroll for coverage with any carrier or health plan that offers individual medical coverage. HIPAA coverage and Conversion coverage are available upon request if you meet the requirements stated below. Both HIPAA coverage and conversion are available for medical benefits only. Please note that the benefits and cost of these plans will differ from your *participating employer's plan*.

HIPAA Coverage

The Health Insurance Portability and Accountability Act (HIPAA) is a federal law that provides an option for individual coverage when coverage under the *plan* ends. To be eligible for HIPAA coverage, you must meet all of the following requirements:

1. You must have a minimum of 18 months of continuous health coverage, most recently under an employer-sponsored health plan, and have had coverage within the last 63 days.
2. Your most recent coverage was not terminated due to nonpayment of required monthly contributions or fraud.
3. If continuation of coverage under the *plan* was available under COBRA, CalCOBRA, or a similar state program including Senior COBRA, such coverage must have been elected and exhausted.
4. You must not be eligible for Medicare, Medi-Cal, or any group medical coverage and cannot have other medical coverage.

You must apply for HIPAA coverage within 63 days of the date your coverage under the *plan* ends. Any carrier or health plan that offers individual medical coverage must make HIPAA coverage available to qualified persons without regard to health status. If you decide to enroll in HIPAA coverage, you will no longer qualify for conversion coverage.

Conversion Coverage

To apply for a conversion plan, you must submit an application to us and make the first required monthly contribution within 63 days of the date your coverage under the *participating employer's plan* ends. Under certain circumstances you are not eligible for a conversion plan. They are:

1. You are not eligible if your coverage under this *plan* ends because the *participation agreement* between your *participating employer* and SISC III terminates and is replaced by another group plan within 15 days.
2. You are not eligible if your coverage under this *plan* ends because required monthly contributions are not paid when due because you (or the *subscriber* who enrolled you as a dependent) did not contribute your part, if any.
3. You are not eligible for a conversion plan if you are eligible for health coverage under another group plan when your coverage ends.
4. You are not eligible for a conversion plan if you are eligible for Medicare coverage when your coverage under this *plan* ends, whether or not you have actually enrolled in Medicare.
5. You are not eligible for a conversion plan if you are covered under an individual health plan.
6. You are not eligible for a conversion plan if you were not covered for medical benefits under the *plan* for three consecutive months immediately prior to the termination of your coverage.

If you decide to enroll in a conversion plan, you will no longer qualify for HIPAA coverage.

Important: The intention of conversion coverage is not to replace the coverage you have under this *plan*, but to make available to you a specified amount of coverage for medical benefits until you can find a replacement. The conversion plan provides lesser benefits than this *plan* and the provisions and rates differ.

When coverage under your *participating employer's* group *plan* ends, you will receive more information about how to apply for HIPAA coverage or conversion, including a postcard for requesting an application and a telephone number to call if you have any questions.

GENERAL PROVISIONS

Description of Coverage. This *benefit booklet* is not a *participation agreement*. It does not change the coverage under the *participation agreement* in any way. This *benefit booklet*, which is evidence of coverage under the *participation agreement*, is subject to all of the terms and conditions of that *participation agreement*.

Providing of Care. SISC III is not responsible for providing any type of *hospital*, medical or similar care, nor is SISC III responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not the *claims administrator's* agents nor is the *claims administrator*, or any of the employees of the *claims administrator*, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Out of Area Services. The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs". Whenever you obtain healthcare services outside of our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between the *claims administrator* and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside the service area, you may obtain care from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, you may obtain care from non-participating healthcare providers. The payment practices in both instances are described below.

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, the *claims administrator* will remain responsible for fulfilling their contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services outside the service area and the claim is processed through the BlueCard® Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to the *claims administrator*.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price the *claims administrator* uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

Providers available to you through the BlueCard Program have not entered into contracts with the *claims administrator*. If you have any questions or complaints about the BlueCard Program, please call the customer service telephone number listed on your ID card.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *participation agreement* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *plan* without your consent or concurrence.

Protection of Coverage. SISC III does not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the *plan*; and (4) the *participation agreement* is still in effect.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this *plan*.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from the *claims administrator*, be subject to a reduced negotiated rate in the event the participating *physician* fails to make routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*). *Hospitals* and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Availability of Care. If there is an epidemic or public disaster and you cannot obtain care for covered services, SISC III refunds the unearned part of the required monthly contribution paid. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills the obligations of SISC III under the *participation agreement*.

Medical Necessity. The benefits of this *plan* are provided only for services which the *claims administrator* determines to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Expense in Excess of Benefits. SISC III is not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. You or the provider of service must send properly and fully completed claim forms to the *claims administrator* within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. SISC III is not liable for the benefits of the *plan* if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.

Payment to Providers. The benefits of this *plan* will be paid directly to *contracting hospitals, participating providers, CME* and medical transportation providers. Also, *non-contracting hospitals* and other providers of service will be paid directly when you assign benefits in writing. If you are a MediCal member and you assign benefits in writing to the State Department of Health Services, the benefits of this *plan* will be paid to the State Department of Health Services. These payments will fulfill the obligation of SISC III to you for those covered services.

Right of Recovery. Whenever payment has been made in error, SISC III will have the right to recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event SISC III recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, SISC III will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. SISC III reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, SISC III may collect such amounts directly from you. You agree that SISC III has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator* may not provide you with notice of overpayments made by the *plan* or you if the recovery method makes providing such notice administratively burdensome.

Workers' Compensation Insurance. The *participation agreement* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. Your *participating employer* is responsible for paying required monthly contributions to SISC III for all coverage provided to you and your *dependents*. Your *participating employer* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *participating employer* for details.

Liability of Subscriber to Pay Providers. In accordance with California law, you will not be required to pay any *participating provider* or *other health care provider* any amounts the *plan* owes to that provider (not including co-payments or deductibles), even in the unlikely event that the *plan* does not pay the provider. You may be liable, however, to pay *non-participating providers* any amounts not paid to them under the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its members and *subscribers* entitled to health care benefits under individual certificates and group policies or contracts to which *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, the *plan administrator* was aware that the *claims administrator* or its affiliates offer several types of products and programs. The members, *subscribers* and *plan administrator* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

Certificate of Creditable Coverage. Certificates of creditable coverage are issued automatically when your coverage under this *plan* ends. We will also provide a certificate of creditable coverage in response to your request, or to a request made on your behalf, at any time while you are covered under this *plan* and up to 24 months after your coverage under this *plan* ends. The certificate of creditable coverage documents your coverage under this *plan*. To request a certificate of creditable coverage, please call the customer service telephone number listed on your ID card.

Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the *non-participating provider* and consistent with good professional practice. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the *plan*.

The *claims administrator* will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with *non-participating providers* are negotiated on a case-by-case basis. The *claims administrator* will request that the *non-participating provider* agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the *non-participating provider* does not agree to accept said reimbursement and contractual requirements, the *claims administrator* is not required to continue that provider's services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a *physician* review the request.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract with the *claims administrator* terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the *claims administrator* prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the *claims administrator* prior to termination. If the provider does not agree with these contractual terms and conditions, the provider's services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact customer service at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider's services will not be continued. If you disagree with the determination regarding continuity of care, you may file a complaint as described in the COMPLAINT NOTICE section.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the *plan*. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the *plan* for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the *plan* for which you have received the service.

If your claim is denied:

- you will be provided with a written notice of the denial; and
- you are entitled to a full and fair review of the denial.

The procedure the *claims administrator* will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the *claims administrator's* notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific *plan* provision(s) on which the *claims administrator's* determination is based;
- a description of any additional material or information needed to perfect your claim;
- an *explanation* of why the additional material or information is needed;
- a description of the *plan's* review procedures and the time limits that apply to them, if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.

For claims involving urgent/concurrent care:

- the *claims administrator's* notice will also include a description of the applicable urgent/concurrent review process; and
- the *claims administrator* may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records, and other information supporting your

claim. The *claims administrator's* review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The *claims administrator* shall offer a single mandatory level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the *claims administrator* to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

Upon request, the *claims administrator* will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the *plan*, applied consistently for similarly-situated claimants; or
- is a statement of the *plan's* policy or guidance about the treatment or benefit relative to your diagnosis.

The *claims administrator* will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the *claims administrator* will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the *claims administrator* considers your appeal, the *claims administrator* will not rely upon the initial benefit determination to the earlier appeal determination. The review will be conducted by an appropriate

reviewer who did not make the initial determination and who does not work for the person who made the initial determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not *medically necessary*, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the *claims administrator* will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the *claims administrator* will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the *claims administrator* will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the *claims administrator* will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the *claims administrators* internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the *Plan's* final decision on the claim or other request for benefits. If the *Plan* decides an appeal is untimely, the *Plan's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *Plan's* internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the *Plan*.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this *plan* or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The *member* and the *plan administrator* agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The *member* and the *plan administrator* agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the *member* waives any right to pursue, on a class basis, any such controversy or claim against the *plan administrator* and the *plan administrator* waives any right to pursue on a class basis any such controversy or claim against the *member*.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the *member* making written demand on the *plan administrator*. Any demand for arbitration must be made within one (1) year from the issuance by the *claims administrator* of its decision following appeal. In cases where the amount in controversy is within the jurisdiction of small claims court, suit must be filed within one (1) year from the issuance by the *claims administrator* of its decision following appeal. Failure to demand arbitration or file in small claims court within one (1) year of the issuance by the *claims administrator* of its decision following appeal shall result in the forfeiture of any right to arbitration or to take any other legal action. Any written demand should be sent to the *plan administrator* at the address shown below:

**SISC III
P.O. Box 1847
Bakersfield, CA 93303-1847**

The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the *member* and the *plan administrator*, or by order of the court, if the *member* and the *plan administrator* cannot agree. The arbitration will be held at a time and location mutually agreeable to the member and the *plan administrator*.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call the customer service telephone number listed on your ID card.

**NOTICE OF PROTECTION PROVIDED BY
THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA)**

Effective April 14, 2003, a Federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH), requires that health plans like the Self-Insured Schools of California (SISC) group health plan (hereafter referred to as the "Plan"), maintain the privacy of your personally identifiable health information (called **Protected Health Information or PHI**).

- The term "**Protected Health Information**" (**PHI**) includes all information related to your past, present or future health condition(s) that individually identifies you or could reasonably be used to identify you and is transferred to another entity or maintained by the Plan in oral, written, electronic or any other form.
- **PHI does not include** health information contained in employment records held by your employer in its role as an employer, including but not limited to health information on disability, work-related illness/injury, sick leave, Family and Medical leave (FMLA), life insurance, dependent care FSA, drug testing, etc.

A complete description of your rights under HIPAA can be found in the Plan's Notice of Privacy Practices, which was distributed to you upon enrollment in the Plan and is available from the SISC website at www.sisc.kern.org. Information about HIPAA in this document is not intended and cannot be construed as the Plan's Notice of Privacy Practices.

The Plan, and the Plan Sponsor (the SISC Board of Directors), will not use or further disclose information that is protected by HIPAA ("protected health information or PHI") except as necessary for treatment, payment, health care operations and Plan administration, or as permitted or required by law. **In particular, the Plan will not, without your written authorization, use or disclose protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.**

Except as permitted by HIPAA, the Plan will only use or disclose your PHI for marketing purposes or sell (exchange) your PHI for remuneration (payment), with your written authorization. The Plan may disclose PHI to the Plan Sponsor for the purpose of reviewing a benefit claim or for other reasons related to the administration of the Plan.

A. The Plan's Use and Disclosure of PHI: The Plan will use protected health information (PHI), without your authorization or consent, to the extent and in accordance with the uses and disclosures permitted by HIPAA. Specifically, the Plan will use and disclose protected health information for purposes related to health care treatment, payment for health care, and health care operations (sometimes referred to as TPO), as defined below.

- **Treatment** is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your health care providers. The Plan rarely, if ever, uses or discloses PHI for treatment purposes.

 - e. Business management and general administrative activities of the Plan, including, but not limited to management activities relating to implementation of and compliance with the requirements of HIPAA Administrative Simplification, customer service, resolution of internal grievances, or the provision of data analyses for policyholders, Plan sponsors, or other customers.
- B. **When an Authorization Form is Needed:** Generally the Plan will require that you sign a valid authorization form (available from the SISC Privacy Officer) in order for the Plan to use or disclosure your PHI **other than** when you request your own PHI, a government agency requires it, or the Plan uses it for treatment, payment or health care operations or other instance in which HIPAA explicitly permits the use or disclosure without authorization. The Plan's Notice of Privacy Practices also discusses times when you will be given the opportunity to agree or disagree before the Plan uses and discloses your PHI. The Notice is available on the SISC website at www.sisc.kern.org or from the SISC Privacy Officer.
- C. The Plan will disclose PHI to the Plan Sponsor only upon receipt of a certification from the Plan Sponsor that the Plan documents have been amended to incorporate the following provisions. With respect to PHI, the Plan Sponsor agrees to:
 1. Not use or disclose the information other than as permitted or required by the Plan Document or as required by law,
 2. Ensure that any agents, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such information. If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made. If return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction if feasible.
- D. In order to ensure that adequate separation between the Plan and the Plan Sponsor is maintained in accordance with HIPAA, only the following employees or classes of employees may be given access to use and disclose PHI:

 4. Report to the Plan any security incident of which it becomes aware concerning electronic PHI.
