Principal's Message

I'd like to welcome you to Tommie Kunst Junior High School's Annual School Accountability Report Card. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Tommie Kunst Junior High School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Tommie Kunst Junior High School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

Mission Statement

Tommie Kunst Junior High School is a community of students, staff and parents dedicated to developing the abilities and talents of individuals in a positive, supportive environment promoting academic excellence. Students are encouraged to honor themselves, respect and communicate well with others, and be self-motivated, life-long learners. Through physical, social, and intellectual opportunities, students strive to be the best they can be.

School Profile

Tommie Kunst Junior High School is located in the northern region of Santa Maria and serves students in grades seven through eight following a modified year-round calendar. At the beginning of the 2013-14 school year, 776 students were enrolled, including 11.6% in special education, 27.8% qualifying for English Language Learner support, and 81.4% qualifying for free or reduced price meals.

Student Achievement

Standardized State Assessments

Students at Tommie Kunst Junior High School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS). The STAR tables in this report illustrate the percentage of students achieving Proficient and Advanced levels of proficiency through fiscal year 2012-13. Beginning in 2013-14, students at Tommie Kunst Junior High School participated in the new statewide student assessment system program identified as CAASPP, California Assessment of Student Performance and Progress. For the 2013-14 school year, the reported results for the CST, CMA and CAPA science test given in grades five, eight and ten only.

Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

Note: Science assessments include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) for students in grades 5, 8 and 10. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Physical Fitness

In the spring of each year, Tommie Kunst Junior High School is required by the state to administer a physical fitness test to all students in grade seven. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart provided in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2013-14

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

On March 7, 2014, the U.S. Department of Education approved California's testing waiver allowing flexibility in making AYP determinations for elementary and middle schools and unified school districts participating in the Smarter Balanced Field Test. CDE will not produce a 2014 AYP report for these qualifying schools and districts.

The AYP table in this report illustrates the school's progress in meeting 2013-14 AYP target rates for applicable schools. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

A "*" means that the school or LEA did not receive a 2014 AYP Report. For 2014, only schools and LEAs identified as a "high school" or "high school LEA" are in receipt of AYP Reports.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2013-14, Tommie Kunst Junior High School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning – State Priority 1: Covered in Teacher Assignment, including the Teacher Credentials & Misassignments & NCLB Compliance charts; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Pupil Achievement – State Priority 4: Covered in Standardized State Assessments, including the STAR Results and CAASPP charts; Academic Performance Index, including API chart; and College Preparation & Work Readiness, including the CTE Program Participation and UC/CSU charts.

Other Pupil Outcomes – State Priority 8: Covered in California High School Exit Exam, including the CAHSEE charts; and Physical Fitness, including the Physical Fitness Test chart.

Parental Involvement – State Priority 3: Covered in Parent Involvement.

School Climate – State Priority 6: Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

The District's LCAP can be found on the District's website at www.smbd.org.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through ConnectEd (automated telephone message delivery system), parent conferences, the school marquee, and the school website. Contact Principal Sharon Shell at (805) 361-5840 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Tommie Kunst Junior High School's original facilities were built in 2004; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Upgrades to bridge connecting buildings
- Addition of two new buildings with 12 classrooms (2014-15)
- Installation of perimeter fencing to increase student safety
- Upgrades to telephone system
- Upgrades to wireless technology

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Tommie Kunst Junior High School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- General grounds maintenance
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Tommie Kunst Junior High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2013-14 school year, Tommie Kunst Junior High School did not receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Tommie Kunst Junior High School on an annual basis in accordance with Education Code §17592.72(c)(1). Tommie Kunst Junior High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, January 14, 2015. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2013-14, all restrooms were fully functional and available for student use.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, assistant principal, dean of students, teachers, and counselors patrol the campus, entrance areas, and designated common areas. Administrative team and noon duty supervisors monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, the principal, assistant principal, dean of students, and counselors monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner.

Tommie Kunst Junior High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Tommie Kunst Junior High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in August 2014.

Classroom Environment

Discipline & Climate for Learning

Tommie Kunst Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline is employed in the classroom for those students experiencing difficulty following school rules, and proactive measures are utilized for those demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Tommie Kunst Junior High School revolve around the Common Core State Standards. During the 2013-14 school year, Tommie Kunst Junior High School held staff development devoted to:

- Data Analysis
- English Language Learner Instructional Strategies
- Teacher Collaboration
- Community School Enrichment
- AVID
- Common Core State Standards

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Tommie Kunst Junior High School supports ongoing professional growth throughout the year on early release days. Teachers meet in department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2013-14 school year, Tommie Kunst Junior High School's teachers attended the following events hosted by the Santa Maria-Bonita School District:

- Common Core State Standards
- Inside
- Generating Narrative Writing
- Informational/Explanatory Writing
- Opinion/Argument Writing
- Engage NY Math Modules
- Digital File Cabinet
- Treasures
- Common Core
- Factwise
- Best Practices
- OARS Intervention Training
- iPad for Classroom Essentials
- Incorporating Depth & Complexity Common Core Style
- Easy Breezy Math Centers
- Getting Smarter About the Smarter Balanced

Tommie Kunst Junior High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Tommie Kunst Junior High School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Wednesday, September 10, 2014, the Santa Maria-Bonita School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution 14-05 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, Santa Maria-Bonita School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Specialized Instruction

All curriculum and instruction are being aligned to the Common Core State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. The Gifted and Talented Education (GATE) program is offered to students in grades 7 through 8 who have been identified as academically gifted through district-administered assessments. Students are placed in honors classes. Instruction is provided by teachers who are GATE Trained.

For students whose primary language is not English and who have limited English proficiency, Tommie Kunst Junior High School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. Teachers use differentiated instruction strategies to maximize student understanding of lesson content and concepts. Each day, first period is an English Language Learner class based upon each student's CELDT. Some students receive English Language Development instruction as a supplement to their regular language arts instruction. Tommie Kunst Junior High School's teachers utilize Inside Language Arts Program and McMillan McGraw Hill's California Treasures series, a state-approved reading intervention program and textbook adoption. English learners are assessed annually using the CELDT exam (California English Language Development Test); results are used to evaluate student progress, intervention programs, and teaching strategies.

Tommie Kunst Junior High School's special education program is staffed by four special education teachers, instructional aides, and resource specialists. Instruction is provided in the least restrictive environment and based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with small group and individualized instruction in the resource room. The IEP team meets annually to establish goals and objectives, define academic

instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Tommie Kunst Junior High School takes advantage of the district's participation in the Santa Barbara Special Education Local Plan Area, which provides a pool of professional resources and expertise in the field of special education.

Tommie Kunst Junior High School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using district benchmark assessments and CELDT assessments, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. Intervention strategies include:

- Pre-Algebra Readiness with Intervention
- TK Academy (Saturday School)
- Migrant Homework Club - After School
- AVID (Advancement Via Individual Determination)
- ASES (After School Education & Safety)

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments, daily classwork, homework, and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Professional Staff

Counseling & Support Staff

Tommie Kunst Junior High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Tommie Kunst Junior High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2013-14		
	No. of Staff	FTE
Academic Counselor	2	2.0
Adaptive PE Specialist	1	0.10
Computer Lab Technician	1	1.0
Dean of Students	1	1.0

Nurse	1	0.20
Psychologist	1	0.20
Resiliency Counselor	1	0.40
Speech & Language Specialist	1	0.40

Counselor-to-Student Ratio: 1:388

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2013-14 school year, Tommie Kunst Junior High School had 31 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and

non-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2013-14		
	Taught by NCLB-Compliant Teachers	Taught by non-NCLB-Compliant Teachers

Expenditures Per Student

For the 2012-13 school year, Santa Maria-Bonita School District spent an average of \$7,389 of total general funds to educate each student (based on 2012-13 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Santa Maria-Bonita School District receives state and federal categorical funding for special programs. For the 2012-13 school year, the district received categorical, special education, and support programs funds for:

- After School Learning & Safe Neighborhood Partnerships
